10<sup>th</sup> February 2011

Dear Dr Redmond

**'RehabAngel' look at the film online - MDTi.co.uk**

**New Rehabilitation Equipment to the NHS**

**from an inventing Specialist Biomech Podiatrist**

- Neil Frame Biomech Podiatrist (NHS East Cheshire) told me about his Invention.
- As an engineer living with RA myself I became very interested in his invention
- I have lived with Rheumatoid Arthritis for many years myself and I am a client of Neil Frame because the effect of RA on my feet

I believe that Neil's invention will be 'making a difference' in the lives of many NHS patients in a vast variety of contexts including;

- Before and following surgery
- Physiotherapy
- Podiatry
- Rheumatoid Arthritis
- Other forms of arthritis

**The online film on MDTi.co.uk is extremely interesting and informative**

Yours sincerely

**Terence David Moore NHS Governor Stepping Hill FT Hospital Stockport**
